MD-100 / MD-200: MD-Series Stepper Motor Drives

This datasheet covers both variants of the MD-Series stepper drive: the MD-100 for light-duty single-axis machines and the MD-200 for higher current, multi-axis applications.

Both share the same command interface, so a control program written for one accepts the other without changes.

Technical Data

Parameter	MD-100	MD-200
Rated current	2.0 A / phase	5.0 A / phase
Input voltage	24 V DC	24-48 V DC
Step resolution	up to 1/16 microstep	up to 1/256 microstep
IP Rating	IP54	IP55
Operating Temperature Range	0 °C to +45 °C	-10 °C to +50 °C
Weight	290 g	540 g
